Welcome to our special event!

We're excited to have you join us for the co-location of two leading global brands: Fi Global for food ingredients and ProPak for food processing and packaging, now known as **ProPak MENA and Fi Africa**.

The packaging industry and ingredients are crucial for the growth of the F&B manufacturing industry in Egypt and Africa. They drive innovation, efficiency, and overall progress in the sector. To focus on these crucial elements, we have decided to phase out from Africa Food Manufacturing and concentrate on our two leading brands, ProPak and Fi.

ProPak is a premier exhibition specializing in food processing and packaging, showcasing various technologies, equipment, and solutions. Fi is a leading global exhibition focused on innovative and healthy ingredients, as well as the latest food industry innovations. Both events are trusted platforms for industry professionals to connect, learn, and explore new opportunities.

By concentrating our resources on ProPak and Fi, we ensure a specialized and tailored experience for participants, addressing the specific challenges and opportunities in Egypt and Africa's packaging and ingredients sectors.

This year, we expect over **10,000 visitors** from the region and more than **300 exhibitors** from **20+ countries**, offering a diverse group of industry professionals a chance to explore trends, network, and form partnerships.

We recommend attending the **Fi conference**, which focuses on innovative and healthy ingredients and market innovations in Africa. While the **ProPak conference** covers topics such as water treatment, energy-saving techniques, food safety in packaging, digital supply chain management, and the impact of AI on factory production.

Don't miss our **Women Networking Breakfast**, a special event in partnership with the Women of Egypt Network and supported by the **USAID Business Egypt program**. It aims to unite and empower women in the F&B industry, providing networking opportunities and discussions on women's empowerment.

To optimize attendee experiences, we have introduced a **matchmaking program** to facilitate pre-arranged meetings between participants from Africa & the Middle East and VIP buyers from Egypt. This program helps attendees make the most of their time at the event.

We extend our heartfelt thanks to our partners and sponsors for their support in making Fi Africa and ProPak MENA a memorable occasion. Your contributions are essential to the success of this event. Once again, welcome to Fi Africa and ProPak MENA. We look forward to seeing you onsite and hope you have a successful and enjoyable experience with us!

Mostapha Khalil
Group Exhibition Director

Our Commitment to Sustainability

We want to play a role in helping the market to improve its sustainability by connecting people with the networks and knowledge to help solve the big challenges in the energy sector. Being a sustainable business is central to how we run our events, how we make decisions and how we do business every day.

Lead Retrieval

Our lead retrieval system is a feature that enables you to exchange contact details with your connections using only your phone, for easy access and storage.

Make sure when you register to access your visitor portal to be able to view your digital badge, scan exhibitor's QR codes and exchange info digitally. No more business cards or printed papers needed! Enjoy a seamless experience at the show.

About the organiser

Informa Markets creates platforms for industries and specialist markets to trade, innovate and grow. We provide marketplace participants around the globe with opportunities to engage, experience and do business through face-to-face exhibitions, targeted digital services and actionable data solutions. We connect buyers and sellers across more than a dozen global verticals, including Pharmaceuticals, Food, Medical, Technology and Infrastructure. As the world's leading market-making company, we bring a diverse range of specialist markets to life, unlocking opportunities and helping them to thrive 365 days of the year.

For more information, please visit [informamarkets.com](https://www.informamarkets.com)

Show Features:

1. **ProPak MENA conference** offers a unique opportunity for industry professionals to come together and discuss the latest trends and innovations in smart packaging and processing. The conference is specifically focused on water treatment and water management, energy saving, food safety in packaging, digital supply chain management and AI and its impact on factory production.
2. **Fi Africa conference** is a distinctive learning experience is provided through the well-diversified content presented by high-profile experts and leaders in the industry. You will learn more about innovative, healthy, and plant-based ingredients, food security, and so much more.
3. **Matchmaking lounge & hosted buyers** is designed to connect industry professionals and help them identify potential business partners. This service provides a platform for manufacturers, suppliers, and other industry professionals to connect, network, and explore new business opportunities.
4. **Opening Tour/VIP Tour:** opening ceremony and VIP tour offer a unique and exclusive opportunity for industry professionals, government officials and ministers to be among the first to explore the exhibition and experience the energy and excitement of the show.
5. **Women Networking Breakfast:** In partnership with Women of Egypt Network, and with the support of USAID Business Egypt program, Fi Africa & ProPak MENA's Women Networking Breakfast is an exceptional event designed to unite and empower women in the industry, and give them the chance to network, connect, and discuss important issues related to women's empowerment. The event is an opportunity for women to discuss their role in the F&B industry and share their challenges and how they overcame it for inspiration.

The networking breakfast is hosting 10 keynote speakers from the industry; at the top of their careers, and 100 delegates.

6. **Packaging Training:** in partnership with USAID Business Egypt program, ProPak MENA Packaging Technical Workshops will host 6 international top professionals in the packaging industry who manage Packaging associations in several countries. The workshop is CPD certified and will provide attendees with knowledge and techniques to implement in their packaging manufacturing businesses that would help them take their products to the next level of sustainability and quality.

7. **Arab Star Pack Awards Ceremony:** Informa Markets, LibanPack and UNIDO, are introducing a new industrial packaging competition, Arab StarPack Professional, for industries and professionals in the Arab region. The objective of Arab StarPack Professional is to increase awareness on current packaging trends from the aspects of marketing, functionality, and sustainability to enable Arab industries to keep up with global packaging trends and to ensure compliance with international standards and regulations in packaging and labelling.

8. **Roundtable Discussion:** Theme: "Accelerating the Growth of the Food Manufacturing Industry in Africa."

Informa Markets Egypt, LibanPack, UNIDO, and the Chamber of Printing and Packaging, are hosting this roundtable discussion to bring together regional key stakeholders from the food and packaging industries. This discussion aims to promote innovation, increase efficiency, and drive growth in the food manufacturing industry in Africa.

9. **Launching the Plant-based Ingredients Sector:** Whether during the conference or by meeting exhibition partners who specialize in the production of plant-based ingredients and food, we are spreading knowledge about the rising plant-based ingredients industry, growth opportunities, setting strategies when entering new markets. We are also shedding the light on plant-based ingredients that are now used as a substitute for a healthier consumption and demonstrating the benefits of getting into the industry.

Women's Networking Breakfast 2023

30 May 2023.

The Women's Networking Breakfast features a selection of the industry's leading voices, showcasing the female food professionals who are making change in the field of F&B and preparing our planet for the future. The event is open to male and female professionals and will take place in-person on the morning of 30 May 2023.

The objective of the event is two-fold. Inform and engage/networking. To accomplish that the event will include three sessions:

1. Presentations by four distinguished leaders of the industry. This session focuses on building a sustainable food system by giving food professionals practical advice about how to build and manage successful diversity and inclusion strategies. It will also highlight the women who are trailblazing the future of food industry.
2. Panel of food professionals who will answer questions from the audience and the panel moderator.
3. A mingling session with the objective of helping both participants and presenters build and/or expand their respective social or professional networks.

Attendees can expect to engage with a selection of the industry's brightest minds and key stakeholders striving to build a more sustainable food system.

Schedule of Events

10:00 – 10:15 Signing in and taking name tags

Session One: Presentations (10 minutes per speaker – Total 60 minutes)

Speakers

- 1- Rawya Mansour
- 2- Dr. Yomna El Sheridy
- 3- Marwa Hussein
- 4- Christine Backledge
- 5- Rose Ronoh
- 6- Soha Atallah

11:30 – 1:00

Session Two: Panel Discussion (10 minutes each to answer questions from moderator + 15 minutes to answer questions from attendees)

1:00 – 2:00

Speakers

- 1- Basma Shama
- 2- Igal Mahmoud
- 3- May Helmy
- 4- Menna Shahin
- 5- Ghada Fouad
- 6- Passant Fouad

Mingling /Networking

Africa's Most Comprehensive F&B Event

28-30 May 2023

Egypt International Exhibition Center

Organised by

Dear Attendee,

Welcome to Fi Africa 2023!

I am excited to invite you to Cairo for this year's edition of Fi Africa co-located with ProPak MENA. Join your community of F&B industry tastemakers to discover new ingredients and innovative packaging & processing solutions.

Egypt is projected to become one of the world's top 10 leading economies by 2030. In just a few years, the country has undergone a drastic economic transformation focused on restoring the competitiveness of its food ingredients market. Today, Egypt is quickly emerging as a key hub for regional food exports in North Africa, home to a thriving processed food industry which has been attracting investment from major multinationals.

Fi Africa is the one-stop destination for F&B professionals from Africa & the Middle East to source innovative ingredients, processing & packaging equipment, and logistic solutions. This year, over **10,000 visitors and 350 top suppliers**, including Sabater, Kerry, Roha, Synthite, Taiyo and Lactalis, among many others, will gather over the three days to do business, network, and discover the latest industry trends.

On that note, I highly recommend that you take the time to explore our wide range of onsite features, including our Hosted Buyer Programme, designed to connect food & beverage suppliers with top buyers seeking to expand their business, the new Woman's Networking Breakfast, Matchmaking Programme and much more.

We have partnered with **MENA Food Safety Associates (MEFOSA)** to be our official conference partner and bring you insights into all the latest trends and challenges facing the industry today. Check out our conference agenda to learn more about the programme and speakers.

Finally, ahead of the show, I would like to extend a big thank you to our valued visitors, exhibitors, suppliers, government authorities, associations and supporting organisations joining our efforts to make Fi Africa 2023 a memorable one!

I wish you a successful, profitable, and most importantly, enjoyable time with us in Cairo. Looking forward to welcoming you to one of our upcoming events this year or to Fi Africa once again next May.

Day 1 : May 28th 2023

Time	Topic	Speaker Name	Affiliation
------	-------	--------------	-------------

1 Opening Ceremony and formal speeches
11:00 AM to 12:00 PM

Track 1

Water Management, Treatment, Efficiency and Saving

"The Fundamental importance of water quality in food production is often underestimated. This underestimation generally becomes the underlying cause for several problems, such as mismanagement of water, equipment operation, and maintenance issues; loss of revenue; food safety; and product quality"

2	10:45 - 11:00	Announcement: The National Initiative for Smart Green Projects	Ambassador Hisham Badr	General Coordinator of Egypt's Initiative for Smart Green Projects
3	11:00 - 11:30	Different Techniques of Industrial Wastewater Treatment in the F&B factories	Moataz Abbas	Area Projects Manager of FIETOS (Integrated Environmental Technology and Oil Services Co)
4	11:30 - 12:00	Smart Water for Resilient & Sustainable Food Plant Operations	Ahmed Madaour	Industries VP for Schneider Electric Northeast Africa & Levant

Track 2

Running a sustainable factory

5	12:00 - 12:30	Environmental Compliance in Food and packaging industry: a road to sustainability	Dr. Mohamed Farouk	Head of the central Department of Environmental Inspection and Compliance, at the Egyptian Environmental Affairs Agency EEAA
---	---------------	---	--------------------	--

6	12:30 - 1:00	Innovative Laboratory Practices to help achieve sustainable Carbon Footprint	Dr. Imran Khan	Head of Laboratories - Food Safety & Authenticity Testing, Middle East Operating Region, Performance Analytics, Growth, Strategy and Compliance Bureau Veritas - Commodities Division
7	1:00 - 1:30	Energy saving potential in the Food, Beverage, Confectionary and Dairy industry	Amr Attia	Product Marketing Manager at Forbes Marshall
8	1:30 - 2:00	Walking F&B factories towards efficient and sustainable production measures	Eng. Ahmed Kamal	Executive Director ECO FEI
9	2:00 - 2:30	Running a Sustainable Mega Plant	Rana Gamali	Director of Corporate Affairs and Sustainability - Coca Cola HBC Egypt
10	2:30 - 3:00	Sustainability & circular economy in focus	Adham Elmahdy	Geocycle General Manager
11	3:00 - 3:30	Consumer Outlook 2023 - Navigating Through Change	Rana Alaa	RMS & Global Service Account Development Senior Manager - NielsenIQ
12	3:30 - 4:00	The National Initiative for Smart Green Projects	TBD	General Coordinator of Egypt's Initiative for Smart Green Projects

Track 3

Energy Management & Saving

13	4:00 - 4:30	Quality Management	Dias Marea	Plant Director at Coppermelt/ Quality Management
14	4:30 - 5:00	Energy Efficiency in Food processing	Mohamed Salem	"Energy Consultant at Egypt National Cleaner Production Center - Ministry of Trade and Industry"
15	5:00 - 5:30	Energy and resource efficiency in Egyptian bakeries: lessons from the field activities of the ER2FOOD project	Tristan De La Haye	Project Manager - Economic Development Unit - North South Consultants Exchange

Day 2: May 29th 2023

Time	Topic	Speaker Name	Affiliation
------	-------	--------------	-------------

Packaging & Printing Solutions

Innovative Packaging - Sustainable Packaging - Healthy Packaging

Food packaging plays an important role in keeping the food quality safe while handling and transportation. Food packaging offers a modern marketing medium to the sellers and helps improve customer satisfaction levels as well as information transmission. It protects the food products from contamination caused by microorganisms, air, and moisture, and helps catalytic activity in fresh food.

Sustainability in the food packaging industry is always developing and growing, due to the consumer increased awareness about the planet safety.

16	10:30 - 11:00	The role of (GOEIC) in Egypt's transition to a green economy is through its accredited facilities in the fields of paper, cardboard, plastic, and biodegradable plastic, as well as the establishment of the first carbon emissions measurement laboratory.	General Organization for Export and Import Control
17	11:00 - 11:30	Packaging for Marketing	Soha Atallah Director LibaPack / VP WPO
18	11:30 - 12:30	Smart Packaging Technologies to improve supply chain efficiency and security for MENA companies	Andrew Manly Communications Director Active & Intelligent Packaging Industry Association
19	12:30 - 1:00	The Challenges facing global sustainable packaging	Prof. Pierre Pienaar President World Packaging Organization
20	1:00 - 1:30	Egypt's printing & packaging industry "Challenges & opportunities"	Eng. Nadim Elias Chamber of printing & packaging industries in Egypt
21	1:30 - 2:00	Trading & cooperation opportunities with Tunisia	Hager Ben Mami Marketing Manager at Packtec Tunisia
22	2:00 - 2:30	Packaging Design for Circularity - Reducing waste and keeping materials in the loop	Ariana Susanto Business Development Director at Indonesian Packaging Federation
23	2:30 - 3:00	Break	
24	3:00 - 3:30	GIZ Egypt Supplier Development Programs for Food Packaging Enterprises	Sally Mansour Advisor for Business Linkages, GIZ Egypt

25	3:30 - 4:00	Sustainable practice in packaging	Ayman Nasser Bayoumi Head of Sourcing Packaging Materials KraftHeinz - MEA Region
26	4:00 - 4:30	Carton Packaging Recycling	Ahmed AboElSaoud Sustainability Manager, Egypt & East Africa at Tetra Pak
27	4:30 - 5:00	Turning Low Value & Unrecyclable Plastic Waste Into Highly Performing, Ecofriendly Building Material	Khaled Raafat Co-founder Tile Green
28	5:00 - 5:30	The AFCFTA role in bringing together the African F&B manufacturing & packaging industry	Ahmed Omah Chairman African Packaging Organization
29	5:30 - 6:00	Plastic Circularity	Lina Allam Sustainability Manager at Baric

Day 3 : May 30th 2023

Time	Topic	Speaker Name	Affiliation
Track 4			
Supply Chain Management Digital supply Chain management Track & Trace Labelling			
30	11:00 - 11:30	How food safety plays in an important role in supply chain management	Mamdouh Issa Managing Director of AHDO
